# HELLO

Welcome to Allure Permanent Beauty, our stunning new aesthetic's clinic has been created for your comfort and well-being so you can relax and enjoy your treatments as if you are in your second home.

Here at Allure we specialise in bespoke aesthetic treatments for men and women of all ages, looking to retain the youthful appearance with minimal effort and time in their busy modern lives.

Celebrities around the world are transforming themselves using the help of these non-intrusive treatments to maintain such glowing public appearances. You too can now enjoy these effortless looks 24 hours a day and be the envy of your friends and colleagues, all starting with a free consultation with our head technician and founder Sophie Lauren.

Please call the clinic on 01273 569 083 to book your appointment.

# PERMANENT MAKE UP

If you are tired of your daily make up routine then these are the treatments for you. Using specialist inking technology we recreate your makeup style with semipermanent ink. Lasting up to 3 years this saves you precious time and money by not applying expensive make up every day. Individual styles and colours can be discussed during your free consultation.

## EYEBROWS

## LIP COLOUR

## EYELINER

As well as our new Brighton clinic we offer treatments at our clinic in Beaconsfield.

# PLASMA FIBROBLAST

The next best thing to surgery for facial skin tightening and plumping. This non-surgical procedure re-energise your skins natural production of collagen that has slowed with age.

The Plasma Fibroblast pen instantly tightens and plumps your skin. It will continue to increase the skins initial response for a further 12 weeks. The effect can last up to 3 years and a second treatment can be conducted for those more troublesome areas.

Full healing time is just 5-7 days. Most common wrinkle areas are able to benefit from this pioneering treatment.

Why suffer from your problematic loose skin any longer?! Scarring and stretchmarks can also be reduced using this Treatment.

# DERMAL FILLERS & ANTI-WRINKLE TREATMENT

We offer both treatments here at Allure. The combination of volumising dermal fillers and anti wrinkle injections to reduce unwanted lines and furrows compliment each other to achieve that youthful fresh look. After a full facial evaluation we can suggest the appropriate areas to be treated to achieve your desired looks. Prices vary on the areas required and volume of product used.

## DERMAL FILLERS

## ANTI-WRINKLE TREATMENT

# CHEMICAL PEEL

Anti ageing, rejuvenating, restorative. Suitable skin peel for all skin tones. Improve the tone, texture and clarity of your skin.

- 5-7 day no discomfort peel time
- Softens fine lines and wrinkles
- Smooth rough skin
- Reduces age spots and acne
- Restores and evens skintone

## MICRONEEDLING

This collagen induction therapy uses small needles to lightly prick your skin. Mainly used on the face, the micro needling pen gives a smoother, firmer and evenly toned skin appearance. Excellent for large pores, wrinkles and scars. We offer bespoke treatment plans to match your own skins requirement.

## LED MASK

The LED mask will soothe your skin and treat any blemishes or uneven skin tones. Its non-thermal LED light energy triggers your bodies natural cell rejuvenation process creating a beautiful radiant look.
